

## Profile

Hardworking and passionate full-stack mobile developer specializing in native iOS and Android. Aiming to leverage a proven knowledge of application development, IT strategy, and project life cycle skills to successfully fill the mobile developer role at your company. Frequently praised as quality-oriented and detail-oriented by my peers, I can be relied upon to help your company achieve its goals, in the most efficient, and quick way possible.

## Projects

### Hex Reviews, *Android Application* [↗](#)

Hex Reviews is a media entertainment review service available on Android, and coming to iOS and as a Website at hex-reviews.com. I am the sole creator, programmer, and UI/UX designer.
